ED-135 Introduction to Education **3 Units (LEC 48-54)**

This course introduces students to the field of professional education and the concepts and issues that are related to TK - 12 education. Topics of this course include a basic understanding of a teacher's role and challenges in society, contemporary education issues within historical, social, philosophical, legal, and political contexts, impact of government policies on schools and children, and the various perspectives on curriculum and instruction.

Other Enrollment Criteria: Students may be required to observe in educational settings. Students must be able to meet state health and safety mandates and educational site-specific mandates. Students must be able to pass a criminal required clearance. In this course, students may be required to implement activities with children. Additionally, in compliance with the American Disability Act and California Community Care Licensing students enrolled in this course, with reasonable accommodations, must be physically and mentally capable of performing the essential functions of the program in the classroom, during observations, and in their fieldwork setting. The essential functions listed are not intended as a complete listing, but a sample of the types of abilities, needed by the TEDS student, in order to meet the course and program objectives and requirements: Physical Demands - Ability to lift 25 lbs. or more, prolonged standing/walking, pushing, reaching, bending, kneeling, and crouching; Sensory Demands - ability to see clearly 25 feet or more and see 20 inches or less; Mental Demands - the ability to function in busy environments, unpredictable situations, face occasional pressures and multiple requests from children and adults, and handle emergencies or crisis situations.
