

LOGISTICS ANALYST CERTIFICATE

A Logistics Analyst Certificate will be issued upon completion of five courses for a total of 14 units. The Logistics Analyst certificate is a unique certificate which introduces students to the logistics industry. Logistics analysts study supply chain processes and recommends any applicable adjustments for efficiency, while maintaining the information flow in logistics databases and identifying opportunities for inventory reduction, and cost-effectiveness. The Logistics Analyst Certificate will balance the essential theory with the latest applications from today's logistics environment and deliver engaging highlights, insights and leadership examples in well-known, world-class companies.
