

GEOLOGY, A.S.-T

An Associate of Science in Geology for Transfer will fulfill the requirements for students to transfer to a CSU institution as a Geology major. The courses in the A.S.-T in Geology for Transfer degree will allow students to complete the major preparation for transfer to four year institutions and major in geology or Earth sciences.

MSJC General Education Option B or C (https://catalog.msjc.edu/degrees-certificates-curricula/general-education-transfer-requirements/)		
Possible double counting: 9		
Transferable Electives (as need to reach 60 CSU transferable units)		

Total Units for A.S.-T Degree: 60 units

The overall requirements for this Associates Degree for Transfer (ADT) can be met by:

- Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University (CSU) or University of California (UC).
- Completion of California State University General Education-Breadth Requirements (CSUGE) or the Intersegmental General Education Transfer Curriculum (IGETC).
- Completion of a minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
- Completion of a minimum grade point average of 2.0.

ADTs also require that students earn a C or better in all courses required for the major or area of emphasis. A "P" (Pass) grade is acceptable if pass is defined as a grade of C or better. ADTs are intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. A student completing an ADT is guaranteed admission to the CSU system, but not a particular campus or major. Students should meet with a Counselor to develop a comprehensive educational plan to further understand university and transfer requirements.
