

WEB SERVICES SELF-SERVICE

Self-Service is an online tool that allows students to view grades, transcripts, and educational plan made with a counselor. It is also where students will register for classes and make payments. Log in through the Self-Service icon on the MSJC homepage or go directly to (<http://cssweb.msjc.edu/css/>) **Self-Service** . New students will receive an activation email with log in information once their admissions application has been processed.
